

Patient First: Conventional Surgery and Surgery First

Presidente: Prof. Sandro Pelo

in collaborazione con SICMF

Policlinico Gemelli 25-26-27 Ottobre 2018

Centro Congressi Europa

Giovedì 25 ottobre 2018

Corso di Ortodonzia e programmazione terapeutica
nell'approccio Surgery First
Orthodontic treatment and treatment planning in Surgery
First

Sandro Pelo, Federico De Nuccio, Gianluigi Fiorillo, Camillo Azzuni

Venerdi 26 ottobre 2018

08:30 Inaugurazione del Congresso

Luigi Califano, Nicola Mannucci, Ersilia Barbato

Moderatori: Guglielmo Ramieri, Massimo Cordaro, Cristina Grippaudo

08:45-09:00 Manlio Galiè

New Paradigms or Old Principles: History of Orthognathic Surgery

09:00-09:20 Paolo Ronchi

Surgery First: innovation or reinterpretation? Reflections after more than 40 years of orthognathic surgery

09:20-10:00 Farhad Naini

Principal diagnostic parameters in Othognathic Surgery

10:00-10:20 Claudio Marchetti / Marco Pironi

Full 3D workflow in Surgery First

10:20-11:00 Gabriele Millesi

From Surgery First to Surgery Early

11:00 coffee break

Moderatori Luigi Califano, Antonio D'Addona

11:30 - 12:00 Daljit Gill

Multidisciplinary management of the Smile

12:00 - 12:20 Sandro Pelo / Federico De Nuccio

Aesthetic and function in Surgery First

12:20 - 12:40 Mirco Raffaini

Aesthetic Orthognathic Surgery and "Surgery First" Protocol: Meeting Points and Confilcts

12:40 - 13:00 Redento Peretta

Surgery First orthodontics: what about 3D occlusal planning

13:00 lunch

Moderatori: Antonio Tullio, Evaristo Belli, Gianpaolo Tartaro

14:30 - 14:50 Aldo Bruno Gianni

Digital planning and splintless

14:50 - 15:10 Alberto Bozzetti / Maria Costanza Meazzini

Surgical Dento-Alveolar Decompensation in Orthognathic Surgery

15:10 - 15:30 Massimo Robiony

Compartmental restoration of TMJ for occlusal balance

15:30 - 16:10 David J. Psutka

Advanced TMJ Alloplastic Total Joint Reconstructive Surgery with combined Orthognathic Surgery, Maxillofacial Reconstruction and Contour Correction

16:10 coffee break

Moderatori: Marco Dolci, Alessandro Moro

16:30 - 16:40 Fabio Abenavoli

ONLUS Emergenza Sorrisi

16:40 - 17:00 Seong-Gon Kim

Change of Muscle Power by BTX Injection and its Benefits for Patients Receiving Orthognathic Surgery

17:00 - 17:20 Francesco Saverio De Ponte

Surgery First: MR and DTI functional evaluation

17:20 - 17:40 Daniel Celli

Open bite: orthopaedics, orthodontics or surgery

17:40 Chiusura lavori

SABATO 27 ottobre 2018

Moderatori: Roberto Cocchi, Paolo Balercia, Giulio Gasparini

09:00 - 09:20 Piero Cascone

Surgery First and Condylar Hyperplasia

09:20 - 09:40 Stefano Fusetti

3D virtual planning for orthognathic surgery in everyday practice: from surgical splints to splintless surgery”

09:40 - 10:00 Valentino Valentini

Refinements in reconstructive maxillo-mandibular microsurgery : focus on orthognathic and pre-prosthetic surgery

10:00 - 10:30 Gyorgy Szabo Budapest

Implant surgery in occlusal restoration of maxillofacial patients

10:30 coffee break

Moderatori: Luigi Chiarini, Giampietro Farronato, Umberto Garagiola

11:00 - 11:30 Pierfrancesco Nocini

Open Bite Surgical Treatment: Long Term Stability

11:30 - 11:50 Alessandro Silvestri / Roberto Vernucci

Low friction orthodontic treatment in Surgery First

11:50 - 12:10 Federico Biglioli

Management of neurological sequelae after orthognathic surgery

12:10 Daniel M Laskin

Patient first: what kind of surgery

12:30 *Fine dei lavori*

Committees

Scientific Committee

Dott. A. Moro

Dott. G. Saponaro

Dott. P. Doneddu

Organizing Committee

Dott. G. Gasparini

Dott. R. Boniello

Dott. M. Todaro

TOPICS

History of Orthognathic surgery

Surgical planning

3D workflow and splintless surgery and 3D occlusal planning

Diagnostic parameters in Orthognathic Gurgery and management of the smile

Dentoalveolar decompensation in Orthognathic Surgery

Open Bite, treatment and stability

Consideration on conventional approach and surgery first approach

TMJ restoration and Total Joint alloplastic reconstruction

Implant Surgery and occlusal restoration

BTX and muscle activity in Orthognathic Surgery

Treatment of neurologic sequelae of Orthognathic Surgery

Surgery first and Condylar Hyperplasia

MR and DTI functional evaluation in Surgery First

From Surgery First to surgery early

Aesthetic and function in Orthognathic Surgery and Surgery First

Orthodontics in dentofacial malformations

Microsurgery in Orthognathic and Pre Prosthetic Surgery

Low friction orthodontic treatments in Surgery First.

FACULTY

Fabio Abenavoli - Roma

Ersilia Barbato - Roma

Federico Biglioli - Milano

Luigi Califano - Napoli

Daniel Celli - Roma

Roberto Cocchi - S. Giovanni Rotondo

Antonio D'Addona - Roma

Francesco Saverio De Ponte - Messina

Giampietro Farronato - Milano

Manlio Galiè - Ferrara

Giulio Gasparini - Roma

Daljit Gill - Londra

Seong -Gon Kim - Gangneung Korea

Nicola Mannucci - Pordenone

Maria Costanza Meazzini - Milano

Alessandro Moro - Roma

Pierfrancesco Nocini - Verona

Redento Peretta - Padova

David J Psutka - Toronto

Mirco Raffaini - Firenze

Paolo Ronchi - Como

Gyorgy Szabo - Budapest

Antonio Tullio - Perugia

Roberto Vernucci - Roma

Paolo Balercia - Ancona

Evaristo Belli - Roma

Alberto Bozzetti - Milano

Piero Cascone - Roma

Luigi Chiarini - Modena

Massimo Cordaro - Roma

Federico De Nuccio - Roma

Marco Dolci - Chieti

Stefano Fusetti - Padova

Umberto Garagiola - Milano

Aldo Bruno Gianni - Milano

Cristina Grippaudo - Roma

Daniel M Laskin - Richmond

Claudio Marchetti - Bologna

Gabriele Millesi - Vienna

Farhad Naini - London

Sandro Pelo - Roma

Marco Pironi - Bologna

Guglielmo Ramieri - Torino

Massimo Robiony - Udine

Alessandro Silvestri - Roma

Gianpaolo Tartaro - Napoli

Valentino Valentini - Roma
